

Good Health Makes a Happy Home

Good health makes housework easy. Bad health takes all the happiness out of it.

Hosts of good women and good mothers drag along in daily misery, back aching, worried, "blue," tired and worn because they don't know what ails them or what to do.

These same troubles come with weak kidneys, and if the kidney action is distressingly disordered, there should be no doubt that the kidneys need help.

Don't neglect yourself. There may be danger of dropsy, gravel, stone in the kidney, or Bright's disease. The family needs you and needs your health. You can't afford to give up. Try to avoid overwork and worry for a time. Get more fresh air and exercise. Walking is good. Read cheerful

OGDEN PROOF

Mrs. Charles W. Adam, 2717 Quincy avenue, says: "Heavy lifting at my work was responsible in a measure for trouble I suffered with my kidneys. My back became lame and tender and a dull ache there constantly annoyed me. When I tried to lift, sharp pains caught me across my back and a feeling of weakness came over me. The kidney secretions were unnatural. Five boxes of Doan's Kidney Pills brought me a cure."

VICE PRESIDENT AND BRYAN COMING TO UTAH

Democratic state headquarters were buzzing with excitement yesterday over the prospects of visits during the next few weeks from a coterie of Democratic spellbinders of national and international repute. A dozen or more well-known Democratic speakers will begin a tour of the west within a few days, according to information received from national Democratic headquarters and fully half of them are scheduled to stop from two to three days in Utah.

DECISION DELAYS THE HOURLY CAR SERVICE TO BRIGHAM ON PEACH DAY

Work of compiling the new tax lists to conform with the raise in the levy ordered by the state supreme court in its writ of mandate issued in connection with its decision in the case of the Ogden board of education against the Weber county commission, was started in the office of Harry Hales, county clerk and auditor, this morning. Mr. Hales is being assisted in the direction of the work by L. A. Van Dyke, deputy in the office. The same corps of workers that began the work of compiling the lists and preparing the notices for issuance to the taxpayers will continue on the unfinished task. The work on the lists was suspended after the board of education began proceedings, which resulted in obtaining for the city school system the additional levy.

The levy directed by the writ will be 5.1 mills, the total levy for the city now being 20.1 mills as against 18.5 mills which obtained until the removal of the 3.5 mills. As a result of the action of the court, the tax rolls, which were to have been delivered to the treasurer Monday, will not be ready for submission to him for at least another week. The same delay will occur in the issuance of the notices to the taxpayers.

WEBER COUNTY BOARD MUST RAISE THE SCHOOL LEVY

A writ of mandate directing the Weber county commissioners to levy a tax of 5.1 mills for the schools of Ogden was ordered to issue yesterday by the supreme court when it handed down its decision in the case of the Ogden board of education against the Weber county commission. The board had applied for the writ.

The suit was brought to determine which of two apparently conflicting laws passed by the last session of the state legislature is in effect. Both amended section 1936 of the revised codes, one fixing 3.5 mills as the maximum which could be levied for schools of a city of Ogden's class and valuation, the other fixing the limit at 19 mills.

The supreme court held that the latter amendment is in effect, and therefore directed the Weber commission to make the levy as requested by the board of education.

The levy the county commission was directed by the supreme court to make will raise \$160,000, whereas 3.5 mills would have produced only \$110,286.77. The decision of the supreme court was written by Justice J. E. Frick. Chief Justice D. N. Straup and Justice William McCarty concurred.

CARLSON GETS COLORADO VOTE

Republican Candidate to Succeed Himself as Governor of Colorado.

Denver, Colo., Sept. 13.—On the face of returns received up to 8:15 o'clock this morning, George A. Carlson, governor of Colorado, has been nominated by the Republicans of the state as a candidate to succeed himself. At that hour, with 396 of the 2,870 precincts in the state, including 114 in Denver, heard from, Carlson's vote was 15,596, while that of Samuel D. Nicholson of Leadville, his opponent, was 14,913. Nicholson's lead in Denver indicated he would win the city by 1,500 to 2,000 majority. At Carlson's headquarters it was estimated the governor would come to Denver with a lead of at least 4,000. Nicholson managers refused to concede defeat.

Managers for Governor George A. Carlson and Samuel D. Nicholson, of Leadville, early today both claimed the Republican nomination for governor for their respective candidates.

Out of 2,870 precincts in the state, 285 had reported. These precincts gave: Carlson, 13,429; Nicholson, 11,068.

A light vote was cast. The count for other state and the congressional nominations was very indefinite.

The president decided to leave New London last night after physicians attending his sister, Mrs. Anne E. Howe, whose critical illness brought the president here, had advised him that from now on Mrs. Howe would be constantly under the influence of opiates and would be unable to recognize him and that she might live for several days.

The president did not come ashore before leaving this morning, but received word that Mrs. Howe's condition was about the same.

Up to the present Mr. Wilson has paid practically no attention to his campaign for re-election, but unless he is summoned back here within the next few days he will hold several political conferences the latter part of this week. THINKS DES MOINES HAS FARED BADLY

Des Moines, Sept. 12.—Lake Bowers, president of the Des Moines Amateur Baseball association, this afternoon wired Clayton C. Towne of Cleveland, president of the Amateur baseball federation, that he refused, on behalf of the Des Moines amateur organization, to entertain the Toledo Railroaders, an amateur baseball team which the Des Moines Gas club was scheduled to play at Toledo September 16 and 17.

Bowers' telegram was in response to one received earlier in the afternoon from Mr. Towne, announcing that after a conference at Cleveland it had been decided to send the Toledo club to Des Moines instead of having the locals travel to Toledo.

In his telegram the local amateur head said that he felt the Des Moines team had been unfairly treated. Bowers said, unless the original arrangements were adhered to, he would refuse to allow the local team to finish the series.

Bowers said the backers of the local club would refuse to finance the trip of the Toledo club here, claiming it would cost at least \$600, while \$500 already had been expended to defray the expenses of the Chicago club.
